📍 3, Modupe Street,Cele B/Stop Iju-Ishaga Lagos, Nigeria

SUMMARY

Highly skilled Frontend Developer with three (2) years of experience in building responsive and user-friendly web applications. Proficient in modern frontend technologies and frameworks, with a strong focus on delivering high-quality code and exceptional user experiences. Also skilled in testing web applications and ensuring software quality through comprehensive testing strategies and methodologies. Proven track record of identifying and resolving defects to deliver high-quality software products.

EXPERIENCE

Software Tester 11/2023 - 04/2024

EAGLE CREST (6- months contract)

Remote

- Detected and reported software defects and provided detailed bug reports to developers
- Analyzed requirements and designed test cases to ensure complete test coverage
- Developed test plans and test cases for user acceptance testing to ensure the software met customer requirements.

Frontend Developer (Internship)

06/2023 - 07/2024

Paylode Services Limited

Ikeja GRA, Lagos

- I developed and maintained frontend components and features for a payment gateway platform used by more than 20 merchants in Nigeria.
- Collaborated with backend developers and designers to implement UI/UX designs and ensure seamless integration with backend systems.
- Used React.js, HTML5, CSS3, and JavaScript to build interactive and performant user interfaces.
- Contributed to the selection and implementation of front end frameworks, significantly enhancing project workflow.
- I implemented the best practices to ensure code quality and maintaining it.

Growth Associate

07/2023 - 05/2023

Utiva (NYSC)

Ikeja, Lagos

- Support the team to create a detailed plan on how each initiative will be implemented and ensure proper execution.
- Make calls to prospective and potential students who are interested in UI/UX design ,educate them about the Utiva learning programs, and convert them to our schools.

IT Support

2019

LAT Consulting

Ikeja, Lagos

- Assisted in staff training and mentoring initiatives to onboard over 25 new users onto the system.
- Collaborated with team to update and maintain Windows & Mac operating systems and installed and configured applications across the organization.
